No Sleep, No Rest, No Peace for the from Kidney Troubles

No peace for the kidney sufferer—Pain and distress from morn to night.

Get up with a lame back, Twinges of backache bother you all day.

Dull aching breaks your rest at night.

Urinary disorders adds to your misery.

Get at the cause—cure the kidneys. Doan's Kidney Pills will work the cure.

They're for the kidneys only—Have made great cures in Hopkinsville.

Wm. C. Davis, cooper, of No. 603 North Main street, says: "A dull tearing down pain across my kidneys and through the small of my back made it so painful for me to stoop or lift anything that I was unable to do any work or to have any pleasure. Whenever I took cold it settled in my back and at night bothered me a great deal while lying in bed."

Sharp twinges often kept me awake for hours and in the morning I arose feeling tired and devoid of all energy and ambition. The condition of the kidneys was especially annoying and distressing at night. I doctored and used many remedies until I became discouraged, for instead of getting better I seemed to grow worse. Finally I happened to read an advertisement of Doan's Kidney Pills, and as they were highly recommended by people nearby, I could not help but believe that they were a good remedy. I got a box and after using them a few days I could see a decided improvement. I kept on with the treatment and the pains in my back left me entirely and the action of the kidneys was restored to a normal and healthy condition."

GOSSIP OF SPORTDOM

Dr. C. P. Hutchins, the new physical director of the Wisconsin university and coach of the football team, is a veritable bundle of energy.

Small of stature, alert in manner, and keen of eye, he apparently makes a good coach and trainer of athletes. Football is Dr. Hutchins' favorite game. Dr. Hutchins has been engaged in physical culture work and the practice of medicine for ten years. His father is a leading physician of Brooklyn, N. Y., where the Badger athletic director was born. He first went to Williams college, but before graduating decided to transfer to Columbus university, from which institution he graduated in 1894.

A matter of interest always in reference to college athletics is the pay of the coaches and trainers. It is doubtful whether any western college pays as princely a sum as does Harvard or Yale. It has been stated that Mike Murphy, the former athletic trainer at Yale, was receiving a higher salary than President Hadley, of the New Haven institution, when he left Yale for Pennsylvania to receive a still higher salary. But, speaking of salaries at Harvard, you are on doubtful ground, for none who know will state what the compensation of the athletic trainer is there.

It is said that Bill Reid received a salary of \$7,000 for coaching the 'varsity football team at Harvard for a year. Reid actually coaches the team for three months, but for seven of the remaining nine months he is in Cambridge each day, planning out the details of the three months' work.

Reid is the highest paid athletic instructor at Harvard. President Eliot is the highest paid member of the faculty in the Cambridge institution of learning, and it is commonly reported that he receives a compensation of \$10,000 a year, with the use of the president's house on Quincy street thrown in.

Brawn does not exceed brain here, though it is hardly fair to compare Reid to Mike Murphy, for the Harvard coach gets his \$7,000 because that is what he loses from staying away from his school in California, and, moreover, Reid is valuable because of his brains and energy as a director, and not as a man to coach in the details of an athletic game. He has others to do this for him.

The salary for a plain professor at Harvard is \$5,000. Here the teaching of the game of brawn—football—does receive a higher compensation than the teaching of pursuits of the brain—Latin, Hebrew, philosophy, etc.

But Reid is the only man who receives as much or more than a professor or an assistant professor. Just what the real athletic trainers at Harvard—not the graduate coaches such as Reid—are paid is an unknown sum. James Wray, who coaches the 'varsity boat crews, probably is the high-salaried man in this group, and he does not get more than \$3,000, with Jack McMaster and John Lathrop, of the track team, very close to him.

A meeting to form a roller polo organization was held in Boston recently. There were present George Cunningham, representing Providence, Charles Fitzgerald of Brockton, Fred Jean and Frank Mullen of Taunton, Worcester by Malachi Kittredge, Pawtucket by "Dickey" Pierce and Boston by Nick McGillvray. Mr. Fitzgerald presided and Mr. Cunningham was chosen secretary. After hearing favorable reports from every place interested, including Boston, it was voted to form a permanent organization, to be known as the American Roller Polo League, with Boston, Providence, Pawtucket, Brockton, Taunton and Worcester as members. The following officers were chosen: President, Murnane; secretary, J. C. Morse. A schedule committee, consisting of Messrs. Kittredge, of Worcester; Fitzgerald, of Brockton, and Cunningham, of Providence, was appointed. The sense of the meeting was that the season should open on Monday, November 5. There are many candidates for the position of referee. An effort will be made to induce the well known American league baseball umpire, "Tom" Connolly, to accept a position on the staff, and other prominent candidates are John O'Connell, one of the crack rushes of the day; "Cosey" Dolan, the well known right fielder of the Boston National league ball club, and "Billy" Keough, of Pawtucket, a veteran at the game.

Until the time of Peter the Great the Aleutian islands were unknown. The famous Russian monarch, consumed with curiosity as to the distance between Asia and America, started, in 1725, the first of the expeditions that at last revealed those haunts of the bear, the beaver, the ermine and the seal. But Captain Cook told more about the islands than did all the Russian explorers before him.
